SUMMARY

Computer Science graduate with hands-on experience building applications using Java, Spring Boot, JDBC, MySQL, and REST APIs. Developed database-driven and AI-powered projects with a focus on backend development and practical software solutions.

TECHNICAL SKILLS

- Programming Languages: Java, Python (basics)
- Backend & APIs: Spring Boot, Hibernate, Node.js, REST APIs
- Frontend: React.js, HTML, CSS
- Database: MySQL
- Cloud & Tools: AWS, IBM Cloud, Git/GitHub

EXPERIENCE

AI & ML Intern | Smart Bridge | May 2025 – Aug 2025

- Developed an AI-powered application using IBM Granite LLM and IBM Cloud.
- Designed and integrated REST APIs to connect the application components and handle AI-based requests.
- Tested and refined the application to improve functionality, response handling, and user experience.

EDUCATION

B.Tech – Computer Science and Engineering | 2022–2026

Sri Sarathi Institute of Engineering and Technology, Nuzvidu.

PROJECTS

Hotel Reservation System – using JAVA concepts with SQL integration | 2026 ([link](#))

- Developed a Java-based hotel reservation system using OOP, JDBC, and MySQL to manage rooms, customers, and reservations.
- Implemented room booking, check-in/check-out, cancellation, and billing with real-time database operations.
- Designed relational database tables and integrated CRUD operations using JDBC and SQL for persistent data management.

Mini Database Engine – in-memory relational database engine in Java | 2026 ([link](#))

- Built a lightweight, in-memory database engine in Java with a command-line interface, letting users create tables and insert, search, update, and delete data.
- Added fast data lookups through indexing, validation rules to keep entries accurate, and clear error messages for a smoother user experience.
- Included save/load functionality so data persists between sessions, plus a CSV export option for easily sharing or viewing data in tools like Excel.

CERTIFICATIONS

Generative AI Internship – IBM Cloud and Smart Bridge ([certificate](#))

AI & ML Internship – IBM Skill Build Platform ([certificate](#))

Quantum Computing Fundamentals (4-week) – Wiser Corp ([certificate](#))

ACHIEVEMENTS

- Secured First Prize in a School-Level Science Test.
